## Amendment 5

### Proposal for a regulation

#### Article 3 – paragraph 1 – point 9

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                            | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (9) ‘economic operator’ means the manufacturer, the authorised representative, the importer, the distributor, the dealer and the fulfilment service provider and, for the purposes of public procurement procedures, it means economic operator as set out in Article 5, point (2), of Directive 2014/23/EU, Article 2(1), point (10), of Directive 2014/24/EU and Article 2, point (6), of Directive 2014/25/EU; | (9) ‘economic operator’ means the manufacturer, the authorised representative, the importer, the distributor, the dealer and the fulfilment service provider <b>or any other natural or legal person subject to obligations relating to the manufacture of products, their making available on the market, or their putting into service, in accordance with the applicable Union harmonisation legislation</b> and, for the purposes of public procurement procedures, it means economic operator as set out in Article 5, point (2), of Directive 2014/23/EU, Article 2(1), point (10), of Directive 2014/24/EU and Article 2, point (6), of Directive 2014/25/EU; |

Or. {EN}en

## Amendment 6

### Proposal for a regulation

#### Article 3 – paragraph 1 – point 16

| <i>Text proposed by the Commission</i>                                                                                                                                                                               | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                       |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (16) ‘sustainable carbon sources’ means biomass that complies with the sustainability criteria laid down in Article 29 of Directive (EU) 2018/2001, waste <b>and</b> carbon from capturing carbon dioxide emissions. | (16) ‘sustainable carbon sources’ means biomass that complies with <b><i>principle of cascading use of biomass laid down in Article 3(3) and</i></b> the sustainability criteria laid down in Article 29 of Directive (EU) 2018/2001, waste, carbon from capturing carbon dioxide emissions <b><i>from unavoidable industrial process emissions and carbon recovered from recycling processes.</i></b> |

Or. {EN}en

## Amendment 7

### Proposal for a regulation

#### Article 3 – paragraph 1 – point 26

| <i>Text proposed by the Commission</i>                                                                                                                    | <i>Amendment</i>                                                                                                                                                              |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (26) ‘e-powertrain components’ means power electronics, transport propulsion electric motors and e-axles and their components, rotors <b>and</b> stators; | (26) ‘e-powertrain components’ means power electronics, transport propulsion electric motors and e-axles and their components, rotors, stators <b>and permanent magnets</b> ; |

Or. {EN}en

## Amendment 8

### Proposal for a regulation

#### Article 3 – paragraph 1 – point 30 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                  |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b><i>(30a) 'Maritime manufacturing industry' covers shipyards and maritime equipment manufacturers and the wider industrial supply chain</i></b> |

Or. {EN}en

## Amendment 9

### Proposal for a regulation

#### Article 3 – paragraph 1 – point 41 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                   |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(41a) 'processed', in the context of steel products, means the solid-state reduction of iron ore into metallic iron through the application of a reducing gas or agent, excluding any subsequent briquetting, handling or transportation operations. Steel scrap used as an input in the production of steel shall not be considered as primary iron input.</b> |

Or. {EN}en

## **Amendment 10**

### **Proposal for a regulation**

#### **Article 3 – paragraph 1 – point 41 b (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(41b) 'Union value added' means, for a given product or component, the portion of its ex-works price that remains after deducting the customs value of all materials and components not originating in the Union that are incorporated into that product or component, calculated in accordance with Articles 70 and 74 of Regulation (EU) No 952/2013 and in accordance with the methodology set out in the implementing act referred to in Article 16(3) of this Regulation.</b> |

Or. {EN}en

## **Amendment 11**

### **Proposal for a regulation**

#### **Article 4 – title**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                    |
|----------------------------------------|-------------------------------------|
| Single access points                   | Single <b>digital</b> access points |

Or. {EN}en

## **Amendment 12**

### **Proposal for a regulation**

#### Article 4 – paragraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                     | <i>Amendment</i>                                                                                                                                                                                                                                       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Member States shall set up a single access point at national level for the submission by project promoters of the single application for industrial manufacturing projects referred to in Article 5(1). | 1. <b>By 31 December 2027</b> , Member States shall set up a single <b>digital</b> access point at national level for the submission by project promoters of the single application for industrial manufacturing projects referred to in Article 5(1). |

Or. {EN}en

#### Amendment 13

##### Proposal for a regulation

#### Article 4 – paragraph 2 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| The single access points shall automatically attribute the permit applications to the relevant authority, inform the applicant about all steps of the permit-granting procedure, the status of the procedure and of the decisions of the relevant authorities, and enable the applicant to check compliance with applicable deadlines. To that effect the single access points shall use the European Business Wallets established pursuant to [Proposal for a Regulation on the establishment of European Business Wallets]. | The single <b>digital</b> access points shall automatically attribute the permit applications to the relevant authority, inform the applicant about all steps of the permit-granting procedure, the status of the procedure and of the decisions of the relevant authorities, and enable the applicant to check compliance with applicable deadlines. To that effect the single <b>digital</b> access points shall use the European Business Wallets established pursuant to [Proposal for a Regulation on the establishment of European Business Wallets]. |

## Amendment 17

### Proposal for a regulation

#### Article 4 – paragraph 3 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                       |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>3a. Member States shall ensure that project promoters, in particular small and medium-sized enterprises, have access throughout the permitting procedure to effective human support, provided free of charge and within a reasonable timeframe, for the use of the single digital access point.</b> |

Or. {EN}en

## Amendment 18

### Proposal for a regulation

## Article 5 – paragraph 2

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                              | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2. Member States shall designate <b>a</b> competent <b>authority</b> to coordinate the permit-granting procedure referred to in paragraph 1 in order to ensure the adoption and issue of a comprehensive decision within the applicable time limit. | 2. Member States shall <b>establish or</b> designate <b>one or more</b> competent <b>authorities as single points of contact at the relevant administrative level</b> to coordinate the permit-granting procedure referred to in paragraph 1 in order to ensure the adoption and issue of a comprehensive decision within the applicable time limit. <b>Member States may designate the authority or authorities already established as single points of contact pursuant to Article 6 of Regulation (EU) 2024/1735.</b> |

Or. {EN}en

## Amendment 19

### Proposal for a regulation

#### Article 5 – paragraph 3 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                     | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| No later than 45 days from the receipt of the application for a permit for industrial manufacturing projects, the <b>competent authority</b> shall either acknowledge that the application is complete <b>or request any missing</b> information <b>needed</b> to process the application. | No later than 45 days from the receipt of the application for a permit for industrial manufacturing projects, the <b>single point of contact concerned</b> shall either acknowledge that the application is complete. <b>If the project promoter has not sent all the</b> information <b>necessary</b> to process the application, <b>the single point of contact shall without undue delay request the project promoter to submit a complete application and it shall specify the missing information.</b> |

Or. {EN}en

## Amendment 20

### Proposal for a regulation

#### Article 5 – paragraph 3 – subparagraph 2

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>Where</b>, after the submission of any missing information, the application is still deemed to be incomplete, the <b>competent authority</b> may, within 30 days of the submission of the requested missing information, make a second request for any information still missing. The <b>competent authority</b> shall not request information in areas not covered in the first request for additional information and shall request <b>further information only as necessary to cover the</b> missing information.</p> | <p><b>If</b>, after the submission of any missing information, the application is still deemed to be incomplete, the <b>single point of contact</b> may, within 30 days of the submission of the requested missing information, make a second request for any information still missing. The <b>single point of contact</b> shall not request information in areas not covered in the first request for additional information and shall <b>only be entitled to</b> request <b>additional elements to complete the previously identified</b> missing information. <b>The date of confirmation of the completeness of the application by the single point of contact shall be the starting point of the permit-granting procedure for that particular application.</b></p> |

Or. {EN}en

## Amendment 21

### Proposal for a regulation

#### Article 6 – title

| <i>Text proposed by the Commission</i>             | <i>Amendment</i>                                                                        |

**Proposal for a regulation**

**Article 7 – paragraph 1 b (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>1b. With respect to the Union origin requirements referred to in article 11 the Commission may adopt delegated acts in accordance with Article 30 in order to establish, in whole or in part, content originating in a third country to be of Union origin if all the following conditions are fulfilled:</i>                |
|                                        | <i>(a) that third country has provided, in law and in practice, national treatment related to Union products or entities under agreements establishing a free trade area or a customs union or the Agreement on Government Procurement, in relation to all the sectors listed in Annex I,</i>                                   |
|                                        | <i>(b) such inclusion is consistent with the objective to avoid dependencies and with the objective of strengthening the economic security of the Union, including the security of supply chains for the products in question, energy security, and the resilience of the Single Market;</i>                                    |
|                                        | <i>(c) that third country has a legal framework for competition that are substantially equivalent to those that apply in the Union single market, including in respect to environmental due diligence and green house gas emission reporting, and has ratified and effectively implements the ILO Fundamental Conventions ;</i> |
|                                        | <i>(d) that third country complies with the commitment to implement the Paris Agreement through its national determined contributions and implements domestic carbon prices mechanisms or measures having equivalent effects;</i>                                                                                               |
|                                        | <i>(e) that third country protects and promotes human rights by implementing the United Nations Global Compact and the United Nations Guiding Principles on Business and Human Rights;</i>                                                                                                                                      |
|                                        | <i>(f) that third country has established, or is committed to establishing within a defined timeframe, demand-side measures for low-carbon industrial products comparable to those provided for in this Regulation and which provide national treatment to Union products or entities.</i>                                      |
|                                        | <i>(g) the inclusion of that third country does not entail a risk of circumvention of the Union origin requirements set out in this Regulation, in particular through the re-</i>                                                                                                                                               |

|  |                                                                                                                                                                                                                                                                                                                                                                                                              |
|--|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | <i>export of products or components originating in third countries which are not contained in a delegated act adopted based on this Article, or through the establishment on its territory of undertakings owned and controlled by entities established in third countries that are not within the scope of this Article with the purpose to access to the Union market for such products or components.</i> |
|  | <i>Where the above conditions are no longer met, the Commission shall adopt a delegated act in accordance with Article 30 to exclude in whole or in part a third country from any delegated act adopted on this paragraph.</i>                                                                                                                                                                               |

## Amendment 26

### Proposal for a regulation

#### Article 7 – paragraph 2 – point 1 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                  |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>(1) When applying paragraph 2b, the Commission shall give priority to European countries, in line with the European dimension of the Union as reflected in the Treaties, in particular Article 49 of the Treaty on European Union, and if necessary for taking into account the integration of those countries in Union value chains, in particular the countries of the EEA, EFTA and the United Kingdom.</i> |

**Amendment 27****Proposal for a regulation****Article 8**

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                  | <i>Amendment</i> |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| <b>Article 8</b>                                                                                                                                                                                                                                                                                                                                                                                        | <b>deleted</b>   |
| <b>Content equivalent to Union origin in public procurement</b>                                                                                                                                                                                                                                                                                                                                         |                  |
| <b>1. With respect to the Union origin requirements referred to in Article 11, content originating in third countries with which the Union has concluded an agreement establishing a free trade area or a customs union, or that are parties to the Agreement on Government Procurement, where relevant obligations of the Union exist under that agreement, shall be deemed to be of Union origin.</b> |                  |
| <b>2. The Commission shall adopt delegated acts in accordance with Article 30 to exclude, in whole or in part, a third country from the scope of paragraph 1 based on any of the following criteria:</b>                                                                                                                                                                                                |                  |
| <b>(a) that third country has failed to provide national treatment related to Union products or entities under the agreements referred to in paragraph 1 in relation to any of the sectors listed in Annex I;</b>                                                                                                                                                                                       |                  |
| <b>(b) such exclusion is justified to avoid dependencies or any other developments that may threaten the security of supply in the Union of the products in question;</b>                                                                                                                                                                                                                               |                  |
| <b>(c) such exclusion is justified under any other exception under the applicable agreement.</b>                                                                                                                                                                                                                                                                                                        |                  |

**Amendment 28****Proposal for a regulation****Article 9**

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                         | <i>Amendment</i> |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| <b>Article 9</b>                                                                                                                                                                                                                                               | <b>deleted</b>   |
| <b>Content equivalent to Union origin in other forms of public intervention</b>                                                                                                                                                                                |                  |
| <b>1. With respect to the Union origin requirements set out in Article 12, content originating in third countries with which the Union has concluded an agreement establishing a free trade area or a customs union shall be deemed to be of Union origin.</b> |                  |
| <b>2. The Commission shall adopt delegated acts in accordance with Article 30 to exclude, in whole or in part, a third country from the scope of paragraph 1 based on any of the following criteria:</b>                                                       |                  |
| <b>(a) that third country has failed to provide national treatment related to Union products or entities under the agreements referred to in paragraph 1 in relation to any of the sectors listed in Annex I;</b>                                              |                  |
| <b>(b) such exclusion is justified to avoid dependencies or any other developments that may threaten the security of supply in the Union of the products in question;</b>                                                                                      |                  |
| <b>(c) such exclusion is justified under any other exception under the applicable agreement.</b>                                                                                                                                                               |                  |

## **Amendment 29**

### **Proposal for a regulation**

#### **Article 10 – paragraph 1 – point b – point 1 (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <p>1) By way of derogation, where the relevant delegated acts referred to in paragraph 1 have not entered into force by 31 December 2027, the Commission shall adopt delegated acts in accordance with Article 30 establishing, for the purposes of this Chapter, the performance requirements concerning the carbon footprint for products covered in Annex II. For construction products, such requirements shall be developed irrespective of any prior standardisation request, in alignment with Article 5(5), Article and 22(9) of Regulation (EU) 2024/3110. For all other products, they shall be consistent with Article (4) of Regulation (EU) 2024/1781. The requirements shall apply until the corresponding measures under Regulation (EU) 2024/3110 or Regulation (EU) 2024/1781 become applicable.</p> |
|                                        | <p>A product covered by Annex II shall be considered low-carbon where it falls within the two highest performance classes.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

Or. {EN}en

#### **Amendment 30**

##### **Proposal for a regulation**

##### **Article 10 – paragraph 1 – point b a (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <p>(ba) The Commission shall adopt the delegated acts referred to in points (a) and (b) shall with the aim of recognising the use of recycled materials, secondary raw materials and scrap as contributing to the low-carbon classification of the products concerned, on the basis of an equivalent or preferential treatment compared to alternative production pathways.</p> |

Or. {EN}en

#### **Amendment 31**

##### **Proposal for a regulation**

##### **Article 10 – paragraph 2 – subparagraph 4 – point e**

| <i>Text proposed by the Commission</i>                                                                                                | <i>Amendment</i>                                                                                                                                                                                                                                                                                                            |
|---------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (e) the <b><i>need to incentivise the uptake</i></b> of recycled materials in <b><i>all</i></b> production <b><i>routes</i></b> ; and | (e) the <b><i>recognition</i></b> of recycled materials, <b><i>secondary raw materials and scrap as contribution to the low-carbon classification of products, including through the account for avoided greenhouse gas emissions associated with the use of such materials</i></b> in production <b><i>processes</i></b> ; |

## Amendment 34

### Proposal for a regulation

#### Article 11 – paragraph 3 – point a

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                           | <i>Amendment</i>                                                                                                                                                                                                                                                               |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (a) the required products or services can only be supplied by one specific economic operator, and no <b>reasonable</b> alternative or substitute exists, and the absence of competition is not the result of an artificial narrowing down of the parameters of the public procurement procedure; | (a) the required products or services can only be supplied by one specific economic operator, and no alternative or substitute exists, and the absence of competition is not the result of an artificial narrowing down of the parameters of the public procurement procedure; |

Or. {EN}en

## Amendment 35

### Proposal for a regulation

#### Article 11 – paragraph 3 – point c

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                      | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (c) their application would require a contracting authority or contracting entity to acquire goods, services or works having disproportionate costs or would result in technical incompatibility in their operation and maintenance. Estimated cost differences exceeding <b>25%</b> , based on objective and transparent data, may be presumed by contracting authorities and contracting entities to be disproportionate. | (c) their application would require a contracting authority or contracting entity to acquire goods, services or works having disproportionate costs or would result in technical incompatibility in their operation and maintenance. Estimated cost differences exceeding <b>40% of total contract value</b> , based on objective and transparent data, may be presumed by contracting authorities and contracting entities to be disproportionate <b>until the adoption of the delegated act referred to in the second subparagraph.</b> |

Or. {EN}en

## Amendment 36

### Proposal for a regulation

#### Article 11 – paragraph 3 – point c a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(ca) The Commission shall adopt, by [OP: Please insert the date = six months after the date of entry into force of this Regulation], a delegated act in accordance with Article 30 to specify and differentiate the cost differences referred to in Article 11(3)(c) by category of products covered by this Regulation.</b> |

Or. {EN}en

## Amendment 37

### Proposal for a regulation

#### Article 11 – paragraph 4

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                               | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4. Contracting authorities and contracting entities shall require economic operators supplying products or services to submit a self-declaration, or an equivalent document, demonstrating compliance with the requirements set out in this Article. | 4. Contracting authorities and contracting entities shall require economic operators supplying products or services to submit a self-declaration, or an equivalent document, demonstrating compliance with the requirements set out in this Article. <b><i>At any time during the procedure, they may require the economic operator to provide all or part of the supporting documents necessary to substantiate that self-declaration in accordance with Directive 2014/23/EU, 2014/24/EU or 2014/25/EU and carry out risk-based checks on the accuracy of the declarations.</i></b> |

Or. {EN}en

## Amendment 38

### Proposal for a regulation

#### Article 11 – paragraph 4 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                  |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b><i>4a. Where a breach of the requirements set out in this Article has been established by a final decision of a competent authority, contracting authorities and contracting entities shall take appropriate measures in accordance with Union and national law, including exclusion from the procurement procedure, termination of the contract, or other remedies provided for under applicable law.</i></b> |

Or. {EN}en

## Amendment 39

### Proposal for a regulation

#### Article 12 – paragraph 1 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                                      | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Without prejudice to Articles 107 and 108 TFEU, Member States shall design public support schemes in a way that they contribute to the <b>objective</b> of strengthening the Union's strategic industrial value chains through the Union origin requirements, low-carbon content requirements, <b>or both</b> , laid down in Part II of Annex II and Part II of Annex III, in accordance with <b>Articles 9 and 10</b> and without prejudice to Article 13. | Without prejudice to Articles 107 and 108 TFEU, Member States shall design public support schemes in a way that they contribute to the <b>objectives</b> of strengthening the Union's strategic industrial value chains through the Union origin requirements <b>and</b> low-carbon content requirements, laid down in Part II of Annex II and Part II of Annex III, in accordance with <b>Article 7, paragraphs 1 and 2 and Article 10</b> and without prejudice to Article 13, <b>while ensuring they contribute to compliance with applicable social and labour law.</b> |

#### Amendment 40

##### Proposal for a regulation

##### Article 12 – paragraph 1 – subparagraph 1 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                           |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>When designing such public support schemes, Member States shall forbid the supported manufacturing activity to relocate outside the territory of the Union within five years (or three years for SMEs) from the date on which the support is granted, or the competent authority shall recover the support granted.</b> |

Or. {EN}en

#### Amendment 41

##### Proposal for a regulation

##### Article 12 – paragraph 1 – subparagraph 2

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                          | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Member States shall apply the requirements referred to in the first subparagraph to public support schemes accounting for at least <b>45%</b> of the total national budget allocated to the public support schemes covered by Part II of Annex II and accounting for 100% of the total national budget allocated to the public support schemes covered by Part II of Annex III. | Member States shall apply the requirements referred to in the first subparagraph to public support schemes accounting for at least <b>90%</b> of the total national budget allocated to the public support schemes covered by Part II of Annex II and accounting for 100% of the total national budget allocated to the public support schemes covered by Part II of Annex III. |

**Amendment 42****Proposal for a regulation****Article 12 – paragraph 3 – point b**

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                           | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                  |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (b) would incur disproportionate costs. Disproportionate costs shall be presumed to exist where, based on objective, transparent and verifiable data, compliance would increase the cost of the underlying final product or technology by more than <b>30%</b> . | (b) would incur disproportionate costs. Disproportionate costs shall be presumed to exist where, based on objective, transparent and verifiable data, compliance would increase the cost of the underlying final product or technology by more than <b>40%, until the adoption of the delegated act by the Commission referred to in the second subparagraph.</b> |

Or. {EN}en

**Amendment 43****Proposal for a regulation****Article 12 – paragraph 3 – point b a (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(ba) The Commission shall adopt, by [OP: Please insert the date = six months after the date of entry into force of this Regulation], a delegated act in accordance with Article 30 to specify and differentiate the cost differences referred to in Article 12(3)(c) by category of products covered by this Regulation.</b> |

Or. {EN}en

**Amendment 44****Proposal for a regulation****Article 13 – paragraph 2**

| <i>Text proposed by the Commission</i>                                                                                                        | <i>Amendment</i>                                                                                                                                                    |
|-----------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| This ‘made in the European Union’ criterion shall be considered equivalent to the ‘Union origin’ referred to in Article 7 of this Regulation. | This ‘made in the European Union’ criterion shall be considered equivalent to the ‘Union origin’ referred to in Article 7 <b>paragraphs 1,2</b> of this Regulation. |

**Amendment 45****Proposal for a regulation****Article 14 – paragraph 1 – subparagraph 2**

| <i>Text proposed by the Commission</i>                                                                                            | <i>Amendment</i>                                                                                                                                          |
|-----------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| This ‘made in the EU’ criterion shall be considered equivalent to the ‘Union origin’ referred to in Article 7 of this Regulation. | This ‘made in the EU’ criterion shall be considered equivalent to the ‘Union origin’ referred to in Article 7, <b>paragraphs 1, 2</b> of this Regulation. |

Or. {EN}en

**Amendment 46****Proposal for a regulation****Article 14 – paragraph 2 – point b**

| <i>Text proposed by the Commission</i>                                                                      | <i>Amendment</i>                                                                                                                  |

## Amendment 48

### Proposal for a regulation

#### Article 16 – paragraph 1 – subparagraph 1 – point a

| <i>Text proposed by the Commission</i>                                                                           | <i>Amendment</i>                                                                                                                |
|------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| (a) the production and sales of substances and mixtures of Union origin derived from sustainable carbon sources; | (a) the production and sales of substances and mixtures of Union origin derived from sustainable <b>and low</b> carbon sources; |

Or. {EN}en

## Amendment 49

### Proposal for a regulation

#### Article 16 – paragraph 1 – subparagraph 1 – point b

| <i>Text proposed by the Commission</i>                                                                                                   | <i>Amendment</i>                                                                                                                                        |
|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| (b) the use in products made available on the market of substances and mixtures of Union origin derived from sustainable carbon sources. | (b) the use in products made available on the market of substances and mixtures of Union origin derived from sustainable <b>and low</b> carbon sources. |

Or. {EN}en

## Amendment 50

### Proposal for a regulation

#### Article 16 – paragraph 1 – subparagraph 2 – point c – point 1 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                             |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>1) The Commission is empowered to adopt delegated acts in accordance with Article 30 to supplement this Regulation as soon as possible and within 9 months of the entry into force of this Regulation by laying down Union-level demand-side measures, including content requirements, for vessels and maritime equipment, including:</i> |
|                                        | <i>(a) a minimum percentage of European content, expressed as a percentage of the total value of the vessel or maritime equipment; and</i>                                                                                                                                                                                                   |
|                                        | <i>(b) a list of strategic maritime equipment and technologies, for which EU-origin products is required as a condition for eligibility under public procurement procedures (and public support schemes).</i>                                                                                                                                |
|                                        | <i>In the preparation of the delegated acts, the Commission should take into account:</i>                                                                                                                                                                                                                                                    |
|                                        | <i>(a) the contribution of the requirements to the Union's objective of economic security, resilience and climate neutrality set out in Regulation (EU) 2021/1119;</i>                                                                                                                                                                       |
|                                        | <i>(b) the market situation at Union level, as identified through monitoring activities, including declining Union market shares and Union industry producing at below capacity</i>                                                                                                                                                          |
|                                        | <i>(c) the impact of setting such measures on the overall competitiveness and greenhouse gas emissions of the relevant sectors, as well as on costs for downstream consumers and small and medium enterprises and public budgets.</i>                                                                                                        |

## Amendment 51

### Proposal for a regulation

#### Article 16 – paragraph 1 – subparagraph 2 – point c – point 2 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <p>2) <i>In case of crisis or emergency situation that threatens economic security, resilience or climate neutrality, such as a decline in Union market shares, a loss of viability for Union industry, a deterioration of overall competitiveness, or a rise in greenhouse gas emissions in the relevant sectors, the Commission is empowered to adopt delegated acts in accordance with Article 30 to supplement this Regulation by laying down Union-level demand-side measures, including content requirements, for products or components originating from the sector affected by such crisis or emergency situations. Such measures shall aim to promote the production and use of goods of Union origin derived from sustainable and low-carbon sources. In the preparation of the delegated acts, the Commission should take into account:</i></p> |
|                                        | <p><i>(a) the contribution of the requirements to the Union's objective of economic security, resilience and climate neutrality set out in Regulation (EU) 2021/1119;</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                                        | <p><i>(b) the market situation at Union level, as identified through monitoring activities, including declining Union market shares and Union industry producing at below capacity;</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|                                        | <p><i>(c) the impact of setting such measures on the overall competitiveness and greenhouse gas emissions of the relevant sectors, as well as on costs for downstream consumers and small and medium enterprises and public budgets.</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

## **Amendment 52**

### **Proposal for a regulation**

#### **Article 16 – paragraph 1 – subparagraph 2 – point c – point 3 (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                         |
|----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>3) The Commission shall, by [OP: Please insert the date = six months after the date of entry into force of this Regulation], adopt a delegated act in accordance with Article 30 to supplement this Regulation by specifying the cost differences referred to in Articles 11 and 12 by category of products covered by Annexe II.</i> |
|                                        | <i>That delegated act shall be based on objective, transparent and verifiable sectoral data, in particular:</i>                                                                                                                                                                                                                          |
|                                        | <i>(a) the availability of the products concerned in the Union;(b) the cost structure of the products concerned;</i>                                                                                                                                                                                                                     |
|                                        | <i>(c) the market dynamics at the Union level;</i>                                                                                                                                                                                                                                                                                       |
|                                        | <i>(d) the evolution of the cost differences gap between products meeting the Union origin requirements and low-carbon requirements, and products not meeting those requirements originating in the Union and equivalent products originating in third countries.</i>                                                                    |
|                                        | <i>The Commission shall review the delegated act at least every three years to reflect market developments.</i>                                                                                                                                                                                                                          |

Or. {EN}en

## Amendment 53

### Proposal for a regulation

#### Article 17 – paragraph 1 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                            | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| This Chapter shall apply to foreign direct investments exceeding a value of EUR <b>100</b> million in the emerging strategic manufacturing sectors referred to in paragraph 2, where more than 40 % of the global manufacturing capacity is held by the third country of which the foreign investor is a national or undertaking. | This Chapter shall apply to foreign direct investments <b><i>made by a foreign investor or a foreign investor's subsidiary</i></b> exceeding a value of EUR <b>50</b> million in the emerging strategic manufacturing sectors referred to in paragraph 2, where more than 40 % of the global manufacturing capacity is held by the third country of which the foreign investor is a national or undertaking. |

## Amendment 66

### Proposal for a regulation

## Article 18 – paragraph 4

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                             | <i>Amendment</i> |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| <b>4. Investment Authorities may apply some or all of the conditions set out in paragraph 2 to direct investments made within the Union by a foreign investor's subsidiary where it is essential to achieve the objectives of this Regulation, under the following conditions:</b> | <b>deleted</b>   |
| <b>(a) preventing the circumvention of this Regulation by the foreign investor; or</b>                                                                                                                                                                                             |                  |
| <b>(b) where no alternative measures, including commitments proposed by the foreign investor or the foreign investor's subsidiary, are reasonably available and less restrictive of direct investment within the Union in order to meet the objectives of the Regulation.</b>      |                  |

## Amendment 74

### Proposal for a regulation

#### Article 19 – paragraph 6 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                                                      | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                   |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Where the relevant Union targets or assets are located in more than one Member State, the foreign investor shall notify the competent Investment Authorities of all Member States concerned and the Commission on the same day with reference to the other notifications. The Member States concerned shall coordinate the review of such notifications <b>and agree on the conditions imposed with the other Member States concerned</b> , as well as with the Commission. | Where the relevant Union targets or assets are located in more than one Member State, the foreign investor <b>or foreign investor's subsidiaries</b> shall notify the competent Investment Authorities of all Member States concerned and the Commission on the same day with reference to the other notifications. The Member States concerned shall coordinate the review of such notifications, as well as with the Commission. |

Or. {EN}en

## Amendment 75

### Proposal for a regulation

#### Article 19 – paragraph 6 – subparagraph 2

| <i>Text proposed by the Commission</i>                                                                                                                                   | <i>Amendment</i>                                                                                                                                                                                                     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| The Commission shall decide <b>which conditions shall be applied to the foreign direct investment in case there is no agreement</b> between the Member States concerned. | The Commission shall decide <b>of disagreement</b> between the Member States concerned <b>and with a view to ensuring the conditions of Article 18 paragraph 2 are applied uniformly in all those Member States.</b> |

Or. {EN}en

## Amendment 76

### Proposal for a regulation

#### Article 20 – paragraph 1 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                | <i>Amendment</i>                                                                                                                                                                                                                                                                                                      |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| The Investment Authority shall decide on the admissibility of the notification pursuant to Articles 17 and 19 within 30 days of receiving the notification. That deadline may be extended by a further 15 days where the Investment Authority <b>demonstrates satisfactorily that an extension is justified</b> by the circumstances. | The Investment Authority shall decide on the admissibility of the notification pursuant to Articles 17 and 19 within 30 days of receiving the notification. That deadline may be extended by a further 15 days where the Investment Authority <b>justifies that such extension if necessary</b> by the circumstances. |

Or. {EN}en

## Amendment 77

## Proposal for a regulation

### Article 20 – paragraph 2 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                           | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                    |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Within 30 days after receiving the notification, the Commission <b>may</b> issue a written opinion on whether the foreign direct investment falls within the scope of Articles 17 and 19, whether it fulfils the conditions laid out in Article 18(2), and whether the Investment Authority is to approve the investment or not. | Within 30 days after receiving the notification, the Commission <b>shall</b> issue a written opinion on whether the foreign direct investment falls within the scope of Articles 17 and 19, whether it fulfils the conditions laid out in Article 18(2), and whether the Investment Authority is to approve the investment or not <b>and transmit it to the Investment Authority without delay.</b> |

## Amendment 80

### Proposal for a regulation

#### Article 20 – paragraph 4 – subparagraph 2

| <i>Text proposed by the Commission</i>                                                                                                                            | <i>Amendment</i>                                                                                                                                                                                  |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Investment Authorities shall, in their reasoned decision issued pursuant to paragraph 3, <b>justify</b> how the opinion of the Commission was taken into account. | Investment Authorities shall, in their reasoned decision issued pursuant to paragraph 3, <b>provide explanations and justifications</b> how the opinion of the Commission was taken into account. |

Or. {EN}en

## Amendment 81

### Proposal for a regulation

#### Article 20 – paragraph 5

| <i>Text proposed by the Commission</i>                                                                                                                                                                                     | <i>Amendment</i>                                                                                                                                                                                                |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5. The Investment Authority shall, in its approval decision, set out reporting obligations on the investor concerned, with a view to <b>assessing the continuous fulfilment</b> of the conditions laid down in Article 18. | 5. The Investment Authority shall, in its approval decision, set out reporting obligations on the investor concerned, with a view to <b>ensuring the enforcement</b> of the conditions laid down in Article 18. |

Or. {EN}en

## Amendment 82

### Proposal for a regulation

#### Article 21 – paragraph 1 – introductory part

| <i>Text proposed by the Commission</i>                                                                                                                                                    | <i>Amendment</i>                                                                                                                                                                                                  |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Following the notification referred to in Article 19(1), the Commission <b>may</b> decide to undertake the assessment of the foreign direct investment in the following circumstances: | 1. Following the notification referred to in Article 19(1), the Commission <b>shall</b> decide to undertake the assessment of the foreign direct investment in <b>one or more of</b> the following circumstances: |

Or. {EN}en

## Amendment 83

### Proposal for a regulation

#### Article 21 – paragraph 1 – point c

| <i>Text proposed by the Commission</i>                                                                    | <i>Amendment</i>                                                                                            |
|-----------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| (c) on its own initiative, where the foreign direct investment has value exceeding EUR <b>1 billion</b> . | (c) on its own initiative, where the foreign direct investment has value exceeding EUR <b>500 million</b> . |

Or. {EN}en

## Amendment 84

### Proposal for a regulation

#### Article 21 – paragraph 1 – point c a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                            |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(ca) on its own initiative, when the foreign investment concerns the extraction, processing and recycling of critical raw materials.</b> |

Or. {EN}en

## Amendment 85

### Proposal for a regulation

#### Article 21 – paragraph 2 – point b

| <i>Text proposed by the Commission</i>                                                  | <i>Amendment</i>                                                                                          |
|-----------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| (b) it has considerable economic impact on the territory of more than one Member State; | (b) it has considerable economic <b>and social</b> impact on the territory of more than one Member State; |

Or. {EN}en

#### **Amendment 86**

##### **Proposal for a regulation**

##### **Article 21 – paragraph 3 – subparagraph 2**

| <i>Text proposed by the Commission</i>                                                                                                                                                       | <i>Amendment</i>                                                                                                                                        |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Based on its assessment, the Commission may require the Investment Authority to apply in a proportionate manner, <b>or not to apply, some or all</b> the conditions set out in Article18(2). | Based on its assessment, the Commission may require the Investment Authority to apply in a proportionate manner the conditions set out in Article18(2). |

Or. {EN}en

#### **Amendment 87**

##### **Proposal for a regulation**

##### **Article 21 – paragraph 3 – subparagraph 2 a (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                      |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b><i>In cases where the foreign investment concerns extraction, processing and recycling of critical raw materials and when Union funding is involved, the Commission may require the Investment Authority to forbid the foreign investment.</i></b> |

Or. {EN}en

#### **Amendment 88**

##### **Proposal for a regulation**

##### **Article 21 a (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>Article 21a</b>                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                                        | <i>When the foreign direct investment concerns technologies under points (a), (b), (d), (e), (h), (k) of Article 4 of Regulation (EU) 2024/1735, the following conditions shall apply:</i>                                                                                                                                                                                                                                                                      |
|                                        | <i>1) Investment Authorities may approve foreign direct investments made directly by foreign direct investors or foreign direct investors' subsidiaries that fulfil conditions (a), (e), (f) of Article 18 and in compliance with economic security objectives. Investment authorities may forbid the foreign investment if required by economic security objectives.</i>                                                                                       |
|                                        | <i>2) Where the relevant Union targets or assets are located in more than one Member State, the Member States concerned shall coordinate the review of the relevant notifications and agree on the conditions to be applied with the other Member States, as well as with the Commission. The Commission shall decide which conditions shall be applied to the foreign direct investment in case there is no agreement between the Member States concerned.</i> |
|                                        | <i>3) All other provisions in Articles 18, 19, 20, 21 apply mutatis mutandis.</i>                                                                                                                                                                                                                                                                                                                                                                               |

Or. {EN}en

## Amendment 89

### Proposal for a regulation

#### Article 22 – paragraph 4 – subparagraph 4 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                   |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>In such circumstances where non-compliance would cause prejudice to the internal market integrity or the Union supply chain resilience the Investment Authority may decide to unwind the foreign investment if no other mitigating measures can ensure compliance with the requirements of this Regulation.</i> |

Or. {EN}en

## Amendment 90

### Proposal for a regulation

#### Article 24 – paragraph 1 – subparagraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                        |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| The Commission is empowered to adopt delegated acts in accordance with Article 30 of this Regulation to supplement the list of emerging strategic sectors to be covered by this Chapter to sectors critical to the Union's economic security including net-zero technologies listed in Article 4(1), <b>points (b), (d), (e), (g), (h), (j), (k), (n), (p), and (s),</b> of Regulation (EU) 2024/1735, <b>nuclear fuel cycle technologies referred to in Article 4(1), point (i), of Regulation (EU) 2024/1735, electric propulsion technologies for transport referred to in Article 4(1), point (r), of Regulation (EU) 2024/1735, and excluding digital technologies, artificial intelligence, quantum technologies and semiconductors.</b> | The Commission is empowered to adopt delegated acts in accordance with Article 30 of this Regulation to supplement <b>as appropriate</b> the list of emerging strategic sectors to be covered by this Chapter to sectors critical to the Union's economic security including net-zero technologies listed in Article 4(1) of Regulation (EU) 2024/1735. |

Or. {EN}en

## Amendment 91

### Proposal for a regulation

#### Article 25 – paragraph 1 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                            |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>1a. Member States having one or several outermost regions referred to in Article 349 TFEU shall, in addition to the acceleration area or areas designated pursuant to paragraph 1, designate at least one industrial manufacturing acceleration area located in one of their outermost regions, within the same time limit. Paragraphs 2 and 3 shall apply, taking into account the specific constraints listed in Article 349 TFEU.</b> |

Or. {EN}en

## Amendment 92

### Proposal for a regulation

#### Article 25 – paragraph 1 b (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                         |
|----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>1b. Industrial manufacturing projects in the sectors not listed in Annex I may be established within industrial manufacturing acceleration areas where they contribute to, or complement, the strategic industrial value chains within those sectors, provided they do not compromise the deployment of industrial manufacturing projects in strategic sectors listed in Annex I.</b> |

Or. {EN}en

### Amendment 93

#### Proposal for a regulation

#### Article 25 – paragraph 2 – point b a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                         |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(ba) the contribution of the industrial manufacturing acceleration area to the decarbonisation of energy-intensive industries and to the achievement of the Union's climate objectives set out in Regulation (EU) 2021/1119, including through the deployment or the enabling of low-carbon industrial processes.</b> |

Or. {EN}en

### Amendment 94

#### Proposal for a regulation

#### Article 25 – paragraph 3 – point c

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                        | <i>Amendment</i>                                                                                                                                                                                                                                                                          |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (c) <b>prioritise locations outside</b> Natura 2000 sites and <b>outside</b> areas designated under national protection schemes for nature and biodiversity conservation, as well as other areas identified on the basis of sensitivity maps and outside protected areas as referred to in Article 6 of Directive 2000/60/EC; | (c) <b>Exclude</b> Natura 2000 sites and areas designated under national protection schemes for nature and biodiversity conservation, as well as other areas identified on the basis of sensitivity maps and outside protected areas as referred to in Article 6 of Directive 2000/60/EC; |

## Amendment 100

### Proposal for a regulation

#### Article 26 – paragraph 2 – point i – point 1 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                       |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>1) When designing measures referred to in paragraph 1 of this Article, Members states are not obliged to consider industrial manufacturing projects referred to in Art. 26(2a).</b> |

Or. {EN}en

## Amendment 101

### Proposal for a regulation

#### Article 27 – paragraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                        | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. For each designated industrial manufacturing acceleration area, Member States shall prepare and issue an aggregated baseline permit authorising industrial activities located within that area. This aggregated baseline permit shall cover the permits and administrative authorisations required for the industrial manufacturing projects located within the acceleration area, excluding those permits that are installation specific. | 1. For each designated industrial manufacturing acceleration area, Member States shall prepare and issue an aggregated baseline permit authorising industrial activities located within that area. This aggregated baseline permit shall cover the permits and administrative authorisations required for the industrial manufacturing projects located within the acceleration area, <b>with the exception of industrial manufacturing projects referred to in in Article 26(2a)</b> , excluding those permits that are installation specific <b>and grid connection permits or agreements</b> . |

## Amendment 102

### Proposal for a regulation

#### Article 27 – paragraph 3 a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                      |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>3a. When examining the permits or authorisations referred to in paragraph 3, the competent authorities shall not reassess matters already examined and covered by the aggregated baseline permit referred to in paragraph 1, unless substantial new circumstances have arisen.</b> |

Or. {EN}en

## Amendment 103

### Proposal for a regulation

#### Article 27 – paragraph 4

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                 | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4. <b>All</b> industrial manufacturing projects located within an acceleration area shall be considered strategic projects contributing to resilience and decarbonisation or resource efficiency for the purposes of [Article 14 of Proposal for a Regulation on speeding-up environmental assessment]. Points 1, 2 and 3 of the Annex to that Regulation shall apply. | 4. Industrial manufacturing projects located within an acceleration area, <b>except those referred to in Article 26(2a)</b> , shall be considered strategic projects contributing to resilience and decarbonisation or resource efficiency for the purposes of [Article 14 of Proposal for a Regulation on speeding-up environmental assessment], <b>provided that the project demonstrably contributes to the decarbonisation of the sector concerned, to the deployment of low-carbon industrial processes, or to substantial improvements in resource efficiency and circularity</b> . Points 1, 2 and 3 of the Annex to that Regulation shall apply. |

Or. {EN}en

#### **Amendment 104**

##### **Proposal for a regulation**

##### **Article 28 – paragraph 1 – point c a (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                          |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(ca) the evolution of industrial employment, skills development and workforce retention in the sectors covered by this Regulation.</b> |

Or. {EN}en

#### **Amendment 105**

##### **Proposal for a regulation**

##### **Article 28 – paragraph 1 – point c b (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                       |
|----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>(cb) the effective uptake of the Union origin and low-carbon requirements set out in Annexes II and III, including the volumes covered, the proportion of contracts and support schemes subject to derogations under Articles 11(3) and 12(3), and the average cost differentials observed and their impact on the resilience of Union industrial value chains.</b> |

Or. {EN}en

#### **Amendment 106**

##### **Proposal for a regulation**

##### **Article 28 – paragraph 1 – point c c (new)**

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                           |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>(cc) the evolution of the manufacturing capacity, the market share and the greenhouse gas intensity, within the Union, of the energy-intensive industries and the net-zero technologies covered by this Regulation.</i> |

Or. {EN}en

#### **Amendment 107**

##### **Proposal for a regulation**

##### **Article 29 – paragraph 2**

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                           | <i>Amendment</i>                                                                                                                                                                                                                                                                                    |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| When carrying out its review, the Commission shall pay particular attention to the effectiveness of this Regulation and the persistence of the circumstances that have justified the adoption of this Regulation <b>and to</b> the necessity to introduce Union origin requirements for products from certain sectors critical to the Union's economic security, <b>notably the building of ships and of</b> rail rolling stock. | When carrying out its review, the Commission shall pay particular attention to:                                                                                                                                                                                                                     |
|                                                                                                                                                                                                                                                                                                                                                                                                                                  | (a) the effectiveness of this Regulation and the persistence of the circumstances that have justified the adoption of this Regulation                                                                                                                                                               |
|                                                                                                                                                                                                                                                                                                                                                                                                                                  | (b) the necessity to introduce Union origin <b>and low-carbon</b> requirements, <b>where appropriate</b> , for products from certain sectors critical to the Union's economic security, <b>in particular but not limited to, fertilizers, rail rolling stock, advanced robotics and aerospace</b> ; |
|                                                                                                                                                                                                                                                                                                                                                                                                                                  | (c) <b>the necessity to amend or extend the scope of Annexes II and III to additional products from the energy-intensive industries listed in Annex I, or to additional strategic sectors not currently covered.</b>                                                                                |
|                                                                                                                                                                                                                                                                                                                                                                                                                                  | <b>In carrying out the review, the Commission shall consult the European Parliament, the Member States, social partners, industry representatives, including small and medium-sized enterprises, and relevant stakeholders, including the strategic dialogues established by the Union.</b>         |

Or. {EN}en

## Amendment 108

### Proposal for a regulation

#### Article 30 – paragraph 2

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                  | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2. The power to adopt delegated acts referred to in Articles <b>8, 9, 10</b> , 16 and <b>24</b> shall be conferred on the Commission for <b>an indeterminate period of time</b> from [OP please insert the date = the date of the entry into force of this Regulation]. | 2. The power to adopt delegated acts referred to in Articles <b>7, 10, 11, 12</b> , 16 and <b>24</b> shall be conferred on the Commission for <b>5 years</b> from [OP please insert the date = the date of the entry into force of this Regulation]. <b>The Commission shall draw up a report in respect of the delegation of power not later than nine months before the end of the five-year period. The delegation of power shall be tacitly extended for periods of an identical duration, unless the European Parliament or the Council opposes such extension not later than three months before the end of each period.</b> |

<DocAmend2>Regulation (EU) 2024/1735</DocAmend2>

<Article2>Article 25a – paragraph 1 (new)</Article2>

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                    |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>The provisions of this Article shall not apply to contracting entities who have participated as bidders in an auction subject to the requirements of Article 26, for the purpose of carrying out the project awarded to them in the context of such auction.</i> |

Or. {EN}en

## **Amendment 118**

### **Proposal for a regulation**

#### **Article 34 – paragraph 1 – point 4**

<DocAmend2>Regulation 2024/1735</DocAmend2>

<Article2>Article 25a – paragraph 1 a (new)</Article2>

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                        |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>1a. Contracting authorities and contracting entities shall exclude from access to procurement procedures referred to in Annex II, economic operators which do not comply with applicable obligations in the fields of social and labour law established by Union law, national law, collective agreements or by the fundamental ILO Conventions.</i> |

Or. {EN}en

## **Amendment 119**

### **Proposal for a regulation**

#### **Article 34 – paragraph 1 – point 4**

<DocAmend2>Regulation (EU) 2024/1735 </DocAmend2>

<Article2>Article 25a – paragraph 3(c)</Article2>

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                   | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (c) their application would require a contracting authority or contracting entity to acquire goods, services or works having disproportionate costs or would result in technical incompatibility in operation and maintenance. Estimated cost differences in excess of <b>25%</b> , based on objective and transparent data, may be presumed by contracting authorities and contracting entities to be disproportionate. | (c) their application would require a contracting authority or contracting entity to acquire goods, services or works having disproportionate costs or would result in technical incompatibility in operation and maintenance. Estimated cost differences in excess of <b>40% of the total contract value</b> , based on objective and transparent data, may be presumed by contracting authorities and contracting entities to be disproportionate <b>until the adoption or the delegated act referred to in the second subparagraph of this point by the Commission</b> |

|                                        | <i>2b. With respect to the Union origin requirements referred to in articles 25a, 26, the Commission may adopt delegated acts in accordance with Article 44 in order to establish, in whole or in part, content originating in a third country to be of Union origin, if all the following conditions are fulfilled:</i>                                         |
|                                        | <i>(a) that third country has provided, in law and in practice, national treatment related to Union products or entities under agreements establishing a free trade area or a customs union or the Agreement on Government Procurement, in relation to any of the net-zero technologies listed in Article 4, point (1),</i>                                      |
|                                        | <i>(b) such inclusion is consistent with the objective to avoid dependencies and with the objective of strengthening the economic security of the Union, including the security of supply chains for the products in question, energy security, and the resilience of the Single Market;</i>                                                                     |
|                                        | <i>(c) that third country has a legal framework for competition that are substantially equivalent to those that apply in the Union single market, including in respect to environmental due diligence and green house gas emission reporting, and has ratified and effectively implements the ILO Fundamental Conventions or measures of equivalent effect ;</i> |
|                                        | <i>(d) that third country complies with the commitment to implement the Paris Agreement through its national determined contributions and implements domestic carbon prices mechanisms or measures having equivalent effects;</i>                                                                                                                                |
|                                        | <i>(e) that third country protects and promotes human rights by implementing the United Nations Global Compact and the United Nations Guiding Principles on Business and Human Rights;</i>                                                                                                                                                                       |
|                                        | <i>(f) that third country has established, or is committed to establishing within a defined timeframe, demand-side measures for low-carbon industrial products comparable to those provided for in this Regulation and which provide national treatment to Union products or entities.</i>                                                                       |
|                                        | <i>(g) the inclusion of that third country does not entail a risk of circumvention of the Union origin requirements</i>                                                                                                                                                                                                                                          |

|  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | <i>set out in this Regulation, in particular through the re-export of products or components originating in third countries which are not contained in a delegated act adopted based on this Article, or through the establishment on its territory of undertakings owned and controlled by entities established in third countries which are not contained in a delegated act adopted based on this Article with the purpose to access to the Union market for such products or components.</i> |
|  | <i>Where the above conditions are no longer met, the Commission shall adopt a delegated act in accordance with Article 44 to exclude in whole or in part a third country from any delegated act adopted based on this paragraph .</i>                                                                                                                                                                                                                                                            |

## Amendment 173

### Proposal for a regulation

Annex II – Part I – paragraph 1 – point b a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                             |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>(ba) Plastic products, intended for use in the building sector, namely windows, door profiles and plastic glazing; pipes and ancillaries in contact with water, whether or not intended for human consumption or for waste water; and thermal insulation products and where the plastic or plastic components exceed 10 % by weight: at least 30 % of the plastic or plastic components used shall be low-carbon and of Union origin.</i> |

Or. {EN}en

#### **Amendment 174**

##### **Proposal for a regulation**

Annex II – Part I – paragraph 1 – point c – point 1 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                     |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>1) For steel products, components and assembled final products containing steel, steel shall qualify as being of Union origin only where it satisfies both of the following conditions:</i>                                       |
|                                        | <i>(i) it has been originally melted and poured within the Union, in accordance with Regulation (EU) 2026/1384 of the European Parliament and of the Council; and</i>                                                                |
|                                        | <i>(ii) at least 75 % by mass of the primary iron input used in its production was produced in the Union, the reduction of iron ore, whether by direct reduction or in a blast furnace, having being processed within the Union.</i> |

Or. {EN}en

#### **Amendment 175**

##### **Proposal for a regulation**

Annex II – Part II – point a

| <i>Text proposed by the Commission</i>                                                                                                                                                               | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (a) steel, and any product the performance of which depends primarily on steel : at least 25% of the total volume of steel used in the product or project that receives support shall be low-carbon; | (a) steel, and any product the performance of which depends primarily on steel : at least 25% of the total volume of steel used in the product or project that receives support shall be low-carbon <b>and of Union Origin; this percentage should progressively rise according to the following: 25 % from 1 January 2029, 35 % from 1 January 2032, 50% from 1 January 2036 .</b> |

## Amendment 177

### Proposal for a regulation

Annex II – Part II – point b a (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                             |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>(ba) Plastic products, intended for use in the building sector, namely windows, door profiles and plastic glazing; pipes and ancillaries in contact with water, whether or not intended for human consumption or for waste water; and thermal insulation products and where the plastic or plastic components exceed 10 % by weight: at least 30 % of the plastic or plastic components used shall be low-carbon and of Union origin.</i> |

Or. {EN}en

## **Amendment 178**

### **Proposal for a regulation**

Annex II – Part II – point c – point 1 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                                                                                                     |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <i>1) For steel products, components and assembled final products containing steel, steel shall qualify as being of Union origin only where it satisfies both of the following conditions:</i>                                       |
|                                        | <i>(i) it has been originally melted and poured within the Union, in accordance with Regulation (EU) 2026/1384 of the European Parliament and of the Council; and</i>                                                                |
|                                        | <i>(ii) at least 75 % by mass of the primary iron input used in its production was produced in the Union, the reduction of iron ore, whether by direct reduction or in a blast furnace, having being processed within the Union.</i> |

Or. {EN}en

## **Amendment 179**

### **Proposal for a regulation**

Annex III – Part I – paragraph 1

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                                                                                                                                                                                                                                      | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| New pure electric vehicles (PEV), off-vehicle charging hybrid electric vehicles (OVC-HEV) or fuel cell vehicles (FCV) purchased, leased, rented or hire-purchased in public procurement procedures that fall within the scope of Directive 2014/24/EU, or Directive 2014/25/EU, launched on or after [OP: Please insert the date = six months after the date of entry into force of this Regulation] shall comply with the Union origin requirements set out in this Annex. | New pure electric vehicles (PEV), off-vehicle charging hybrid electric vehicles (OVC-HEV) or fuel cell vehicles (FCV) <b>including heavy-duty vehicles</b> , purchased, leased, rented or hire-purchased in public procurement procedures that fall within the scope of Directive 2014/24/EU, or Directive 2014/25/EU, launched on or after [OP: Please insert the date = six months after the date of entry into force of this Regulation] shall comply with the Union origin requirements set out in this Annex. |

Or. {EN}en

## Amendment 180

### Proposal for a regulation

Annex III – Part I – paragraph 3 – point b

| <i>Text proposed by the Commission</i>                                                                                                                                                                                            | <i>Amendment</i>                                                                                                                                                                                                                  |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (b) the ratio between the total ex-works price of vehicle components - excluding the vehicle battery - originating in the Union and the total ex-works price of all components – excluding the battery – is at least <b>70%</b> ; | (b) the ratio between the total ex-works price of vehicle components - excluding the vehicle battery - originating in the Union and the total ex-works price of all components – excluding the battery – is at least <b>75%</b> ; |

Or. {EN}en

## Amendment 181

### Proposal for a regulation

Annex III – Part I – paragraph 3 – point c

| <i>Text proposed by the Commission</i>                                                                                                                     | <i>Amendment</i>                                                                                                                                                                   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (c) the vehicle's traction battery contains at least three main specific components of batteries, among which the battery cells, originating in the Union; | (c) the vehicle's traction battery contains at least three main specific components of batteries, among which the battery cells <b>and the binders</b> , originating in the Union; |

Or. {EN}en

## Amendment 182

### Proposal for a regulation

Annex III – Part I – paragraph 3 – point d

| <i>Text proposed by the Commission</i>                                                                                                                                                                                    | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (d) the vehicle's traction battery contains at least five main specific components of batteries, among which the battery cells, the cathode active material, and the battery management system, originating in the Union; | (d) the vehicle's traction battery contains at least five main specific components of batteries, among which the battery cells, the cathode active material, <b><i>including calcination and active material formation, the binders</i></b> and the battery management system, originating in the Union; <b><i>and at least 20% of the relevant strategic raw materials should be minded, processed or recycled within the European Union.</i></b> |

### Amendment 183

#### Proposal for a regulation

Annex III – Part I – paragraph 3 – point f

| <i>Text proposed by the Commission</i>                                                                                                                                                          | <i>Amendment</i>                                                                                                                                                                                                                        |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (f) the ratio between the total ex-works price of main electronic systems originating in the Union and the total ex-works price of all main electronic systems is equal to or greater than 50%. | (f) the ratio between the total ex-works price of main electronic systems, <b><i>including the software</i></b> , originating in the Union and the total ex-works price of all main electronic systems is equal to or greater than 50%. |

Or. {EN}en

### Amendment 184

#### Proposal for a regulation

Annex III – Part I – paragraph 5 – point 2 – introductory part

| <i>Text proposed by the Commission</i>              | <i>Amendment</i>           |
|-----------------------------------------------------|----------------------------|
| 2. <b><i>and one of</i></b> the two criteria below: | 2. the two criteria below: |

Or. {EN}en

### Amendment 185

#### Proposal for a regulation

Annex III – Part I – paragraph 5 – point 2 – point a

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                      | <i>Amendment</i>                                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (a) the ratio between the total ex-works price of vehicle components - excluding the vehicle battery - originating in the Union and the total ex-works price of all vehicle components – excluding the battery – is equal to or greater than <b>70%; or</b> | (a) the ratio between the total ex-works price of vehicle components - excluding the vehicle battery - originating in the Union and the total ex-works price of all vehicle components – excluding the battery – is equal to or greater than <b>75%;</b> |

Or. {EN}en

#### **Amendment 186**

##### **Proposal for a regulation**

Annex III – Part I – paragraph 5 – point 2 – point b

| <i>Text proposed by the Commission</i>                                                                                                                     | <i>Amendment</i>                                                                                                                                                                                                                                                    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (b) the vehicle's traction battery contains at least three main specific components of batteries, among which the battery cells, originating in the Union. | (b) the vehicle's traction battery contains at least three main specific components of batteries, among which the battery cells, <b>the binders and the cathode active material, including calcination and active material formation,</b> originating in the Union. |

#### **Amendment 187**

##### **Proposal for a regulation**

Annex III – Part I – paragraph 5 – point 2 – point b – point 1 (new)

| <i>Text proposed by the Commission</i> | <i>Amendment</i>                                                                                                                                        |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                        | <b>1) The requirement set out in point (b) applies from [OP: please insert date three years after the date of entry into force of this Regulation].</b> |

Or. {EN}en

#### **Amendment 188**

##### **Proposal for a regulation**

Annex III – Part II – paragraph 2 – point b

| <i>Text proposed by the Commission</i>                                                                                                                                                                                                                    | <i>Amendment</i>                                                                                                                                                                                                                                          |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (b) the ratio between the total ex-works price of vehicle components - excluding the vehicle battery - originating in the Union and the total ex-works price of all vehicle components – excluding the battery – is equal to or greater than <b>70%</b> ; | (b) the ratio between the total ex-works price of vehicle components - excluding the vehicle battery - originating in the Union and the total ex-works price of all vehicle components – excluding the battery – is equal to or greater than <b>75%</b> ; |

Or. {EN}en

## Amendment 189

### Proposal for a regulation

Annex III – Part II – paragraph 2 – point c

| <i>Text proposed by the Commission</i>                                                                                                                     | <i>Amendment</i>                                                                                                                                                                    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (c) the vehicle's traction battery contains at least three main specific components of batteries, among which the battery cells, originating in the Union; | (c) the vehicle's traction battery contains at least three main specific components of batteries, among which the battery cells, <b>and the binders</b> , originating in the Union; |

Or. {EN}en

## Amendment 190

### Proposal for a regulation

Annex III – Part II – paragraph 2 – point d

| <i>Text proposed by the Commission</i>                                                                                                                                                                                    | <i>Amendment</i>                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (d) the vehicle's traction battery contains at least five main specific components of batteries, among which the battery cells, the cathode active material, and the battery management system, originating in the Union; | (d) the vehicle's traction battery contains at least five main specific components of batteries, among which the battery cells, the cathode active material, <b>including calcination and active material formation, the binders</b> and the battery management system, originating in the Union; <b>and at least 20% of the lithium used should be mined, processed or reprocessed within the European Union.</b> |

Or. {EN}en

## Amendment 191

### Proposal for a regulation

Annex III – Part II – paragraph 2 – point f

| <i>Text proposed by the Commission</i>                                                                                                                                                          | <i>Amendment</i>                                                                                                                                                                                                             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (f) the ratio between the total ex-works price of main electronic systems originating in the Union and the total ex-works price of all main electronic systems is equal to or greater than 50%. | (f) the ratio between the total ex-works price of main electronic systems, <b>including software</b> , originating in the Union and the total ex-works price of all main electronic systems is equal to or greater than 50%. |
